Rate and Fee Schedule

Effective September 1st, 2024

Monthly Meter Fee:	\$20.00
Water Usage Fee:	\$5.50/unit of water used (1 unit being 100 CuFt)
Late Fee:	10%
Service Charge:	\$50.00
Reconnect Fee:	\$50.00
New Service Deposit:	\$80.00

A new service deposit is required to start water service, that will be refunded upon termination of service, provided the account is in good standing. A deposit book is also provided to keep an accurate log of your monthly water use and submit monthly payments.

Meters are to be read monthly by the customer, on the 1st of every month. A deposit slip will then be filled out with the customer information, current meter reading, previous meter reading, usage due, and amount being paid. The deposit slip and payment can be taken to Great Southern Bank in Iola to pay your bill.

A rate slip found on the following page, can be used to calculate the amount owed based on usage. Each month a meter fee is due, even if no usage occurred, along with water usage fee based on the amount of water used. A late fee is assessed if payment is not received by the 20th of the month. If a payment is not able to be made before the end of the month, we ask that you reach out to a member of the water district to make arrangements ahead of time to avoid being assessed further late fees.

If payment is not received by the end of the month, it is considered past-due and will be subject to a service charge, and letter of termination providing a final pay-by date to resolve past-due balances. If past-due balances remain unresolved on this date, water service can be terminated. All current and past-due balances, including service charge and a reconnect fee will be required to restore service.
